

Christianity Testimony

Betty Li

My name is Betty Xuanjia Li, and I have decided to become a Christian. To me, a Christian is a person who has love, faith, wisdom, knowledge, and bears all the fruits from God. A Christian isn't perfect, of course, but can be forgiven by the Lord. A Christian's words and actions are all for Jesus. A Christian has Jesus' love and blessing. As I have experienced his love over the years, I have realized how much God would benefit my life. Every Sunday I went to church, unaware that there was evidence of God's creations and love around me. I have realized that I could go to church and not be baptized, but being baptized would make me officially one for God. That means a lot to me, to have the opportunity to commit myself to God. I, like every other creature, am sinful. I know that with prayer and realization, God will forgive my sins. I want God to be with me always, everyday of my life. I believe that Jesus is the son of God, sent to Earth to die for our sins. I wish to be Christian so that I can be made pure and rid of sins. This way, I, as a Christian, am able to live my life daily with Jesus by my side. I want to become a Christian so that I have guidance and the Holy Spirit can show me right from wrong. Being a Christian is my decision, but my church has plenty to do with it.

Everywhere in my church, there is evidence of God's love. It shows in the brothers and sisters and their unconditional love for our congregation. They have been influencing many to become Christians, like me. I want to be a Christian so I can spread God's word, letting others understand his love and clemency against our many sins. By becoming Christian, I am becoming a person who has something to believe it. I am becoming a person whose prayers will be answered. I am becoming a person whose life will be better each and everyday with Jesus. I look forward for a pure, new life with Jesus in my heart.
